ANSWER TO NOTIFICATION OF DEFECTIVE RESPONSE
TECHNOLOGY CENTER R3700

March 15, 2003

Ladies and gentlemen,

Your notification of defective response informed me that the declaration in my patent application failed to specify my citizenship.

Here is a new copy of the page of the declaration, with the citizenship box filled in. (I have resigned this copy.)

I am sorry to have caused you extra work, by overlooking that box (I did not realize that the English word « citizenship » was a request to know my nationality)

Sincerely,

Vincent Sebileau
